Our Lady of Peace

A service of Jewish Hospital & St. Mary's HealthCare

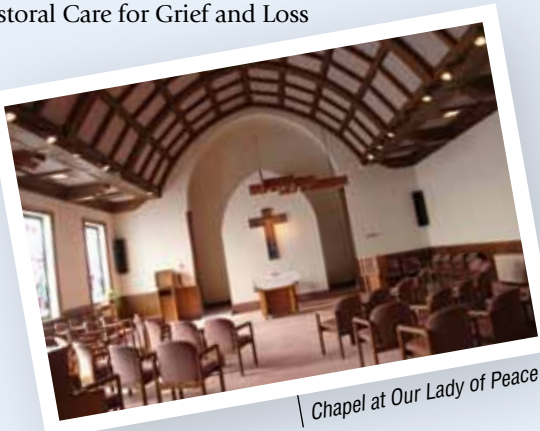
The Pastoral Care Program at Our Lady of Peace

The Sisters of Charity of Nazareth founded Our Lady of Peace in 1951 and their healing ministry is still very much a part of the mission in the work that is done every day for patients in treatment at Peace.

An integral part of the treatment philosophy at Our Lady of Peace is the recognition that the healing of the body, mind and spirit are all necessary to a healthy life. To this end, Our Lady of Peace offers spiritual care through the Pastoral Care Program as part of an individual's treatment plan.

The Pastoral Care Program for patients offers:

- Chaplaincy services
- Worship Opportunities
- Spirituality Groups
- Bereavement Counseling
- Pastoral Counseling for individual and/or family therapy
- Pastoral Care for Traumatic Stress
- Pastoral Care for Grief and Loss



Chapel at Our Lady of Peace

"There was a voluntary worship service offered one afternoon in the chapel across from the unit where I was receiving treatment. I decided to go. It helped me get in touch with the spiritual part of myself that has been lost for a long time. It felt really good! I plan to get reconnected with my church when I get out. Thank you for this."

Any individual in treatment at Our Lady of Peace may request Pastoral Care Program services by speaking with his/her attending physician or clinician.
