Alzheimer's & Dementia

VNA Nazareth Home Care

Program Overview

VNA Nazareth Home Care's Alzheimer's & Dementia Program provides care for people with mental or emotional disorders, Alzheimer's disease and related Dementia.

Goals and Outcomes

Our goal is to equip patients with the health and confidence needed to function as independently as possible.

Lifestyle and Wellness

With the Alzheimer's & Dementia Program, patients can have the help they need, when they need it—without leaving home. We understand that staying as healthy and independent as possible is important to maintaining an active, enjoyable lifestyle—so we do our best to help you live your best.

For more than 25 years, the Alzheimer's & Dementia Program has improved the quality of life for patients and their families and decreased the frequency of hospitalization.

Interdisciplinary Team of Experts

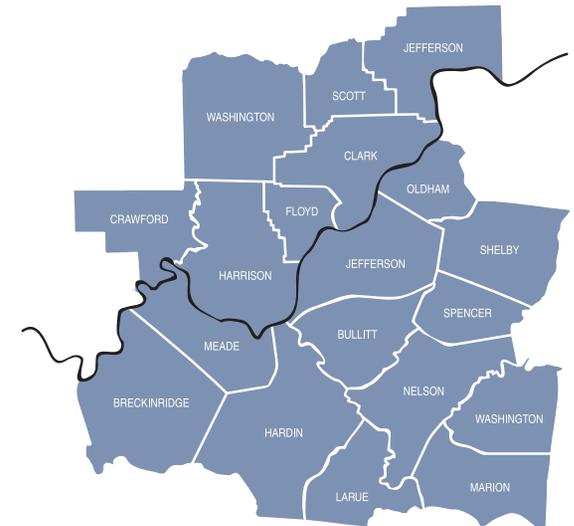

The Alzheimer's & Dementia Program utilizes mental health nurses experienced in adult psychiatry, registered nurses, clinical pharmacists, home health aides and medical social workers. Working closely with physicians, we provide a range of services to meet our patients' goals.

Included Services

- Assessment services include:
 - Patient evaluation
 - Home and safety evaluation
 - Mental status
 - Overall physical health evaluation
 - Medication effectiveness
- Education services include:
 - Medication instruction
 - Training for family and/or caregivers in the home
- Treatments include:
 - Individual and family counseling
