Why Make An Extra Stop On The Way Home?

With **Pharmacy Plus**, your
prescriptions are ready to go
when you're ready to leave.

**Jewish Hospital &
St. Mary's HealthCare**

PHARMACY PLUS IS YOUR PRESCRIPTION FOR BETTER CARE

Pharmacy Plus is a retail pharmacy service located right here on this medical campus.

With **Pharmacy Plus**, the prescriptions you take home are filled by the health professionals from Jewish Hospital & St. Mary's HealthCare, so you can be sure you're starting your post-treatment period the right way.

PRESCRIPTIONS WITHOUT THE HASSLE

Pharmacy Plus:

- Accepts most prescription drug plans
- Offers prices comparable to other local pharmacies and honors competitors' coupons
- Delivers prescriptions to your room or doctor's office or has them ready for pickup on the way out
- Works with your regular retail pharmacy to arrange for refills

THERE'S MORE TO QUALITY CARE THAN MEDICINE

You know there's more to health care than dispensing medications. So to help meet your needs, **Pharmacy Plus** was designed to offer more products and services – more kinds of care – than a typical pharmacy.

Pharmacy Plus dispenses all categories of prescription drugs and features a full lineup of over-the-counter medications as well. Thanks to our affiliation with Jewish Hospital & St. Mary's HealthCare, **Pharmacy Plus** offers other services, such as durable medical equipment and specialized injections.

FIGHT HIGHER DRUG COSTS WITHOUT SACRIFICING QUALITY

The cost of prescription medications is one of the fastest growing costs in health care. **Pharmacy Plus** gives you competitive pricing to help control your out-of-pocket prescription costs. We even honor competitors' coupons, where applicable.

At **Pharmacy Plus**, you enjoy the quality you'd expect from Jewish Hospital & St. Mary's HealthCare – at prices comparable to what you'd pay at an ordinary pharmacy.
