A service of Jewish Hospital & St. Mary's HealthCare

Sts. Mary & Elizabeth Hospital (SMEH), a service of Jewish Hospital & St. Mary's HealthCare, is a 298-bed, full-service hospital, founded by the Sisters of Charity of Nazareth in 1874. SMEH offers a full range of orthopaedic, cardiac, medical imaging, surgical and emergency services, a wound healing center, sleep disorders center and has three medical plazas on campus to provide office space for a wide array of physicians representing a number of specialties. Additionally, SMEH is home to Jewish Bariatric Care, a weight-loss management program utilizing the Lap-Band® System and The Women's Center, a state-of-the-art diagnostic facility specifically for women.

## Surgical Services

Sts. Mary & Elizabeth Hospital has seven operating room suites, a cysto room and four endoscopy suites. Our Outpatient Surgery Center, located just across the street on Churchman Avenue, features an additional four operating room suites and one special procedures room. We have a distinguished staff of surgeons and a high-caliber staff dedicated to outstanding surgical services.

## Wound Healing Center

Our Center offers state-of-the-art diagnostic and treatment modalities for vascular, diabetic and traumatic wounds as well as other disease-related wounds. The Wound Healing Center features hyperbaric oxygen therapy for chronic wounds.

## Medical Imaging

We provide an array of diagnostic services including: CT scan, MRI (routine, breast and heart), digital mammography, x-ray, ultrasound and nuclear imaging. In addition, our vascular board-certified interventional radiologists perform minimally invasive procedures that can eliminate the need for major surgery, successfully treating such conditions as Peripheral Arterial Disease (PAD), fibroid tumors and blood clots.

## Nursing Care

We offer a variety of levels in nursing care based on the patient's medical needs. Sts. Mary & Elizabeth Hospital offers intensive care and critical care units, progressive coronary care, transitional or "step-down" care and numerous medical/surgical units, including areas designated for orthopedics, neurology and cancer care.

## Cardiac Services

We offer a full range of diagnostic services including cardiac CT, nuclear imaging, stress testing and a cardiac lab through the Emergency Department. We also provide comprehensive pulmonary rehabilitation

designed to get heart and lung patients back on their feet. Several major cardiology groups have a dedicated presence on the Sts. Mary & Elizabeth Hospital campus.

## Sleep Disorders Center

Accredited by the American Academy of Sleep Medicine, the Sleep Disorders Center at Sts. Mary & Elizabeth Hospital, has been serving south Louisville since 1990. The Center provides treatment for patients with all types of sleep disorders, including sleep apnea and narcolepsy. The Center, now located in the newly renovated Plaza I on the hospital campus, provides patients with the utmost level of comfort, with private restrooms, digital HDTV and a comfortable chair for lounging.

## Cancer Care

Comprehensive cancer care services are provided to patients through the Owsley Brown Frazier Cancer Center (OBFCC). OBFCC's Louisville South End Clinic, located at 1460 Bluegrass Avenue provides chemotherapy and other infusion services, a physician care clinic and PET/CT imaging. Louisville Radiation Oncology provides radiation therapy to patients at Plaza 3 on the Sts. Mary & Elizabeth campus. Surgery/biopsy, diagnostic medical imaging including Breast MRI and digital mammography, the OBFCC Colon Cancer Screening Program and support group services are also available to patients undergoing diagnosis and treatment of cancer. All OBFCC physicians are board-certified in Medical Oncology and/or Hematology and are committed to providing the highest level of cancer care including clinical trials and research studies.

## Emergency Services

Expert care for emergencies of all sizes is provided 24-hours-a-day. Our ED physicians are residency-trained and board-certified in emergency medicine. The main ED is equipped with 20 treatment rooms. We also have Clinicare to provide treatment

for minor emergencies. Clinicare is open daily from 11 a.m. to 11 p.m.

## Physician Offices

Three medical plazas on the Sts. Mary & Elizabeth Hospital campus provide office space for a wide array of physicians representing numerous specialties from allergists to urologists.

## The Women's Center

At The Women's Center, we offer the latest medical technology for detecting breast cancer, in a women only environment. Services include all-digital mammography with soft pads, breast and general ultrasound, bone density DEXA scan and stereotatic breast biopsy.
