

Jewish Hospital

Plastic & Aesthetic Surgery Center

At Jewish Hospital, we have been helping men, women and children feel better about themselves through plastic and aesthetic surgery for years. To enhance our Plastic and Aesthetic Surgery Center patients' overnight stay, we are offering The Trager Pavilion and many of its amenities (based upon bed availability) .

The Trager Pavilion is an upscale floor located in the Rudd Heart and Lung Center, which offers a high level of pampering. Its luxurious patient suites provide tasteful appointments and superior medical care in a setting reminiscent of a five-star hotel. Elegantly decorated one-room suites are available, and a two-room suite may be reserved for an additional fee. The amenities at The Trager Pavilion for our Plastic and Aesthetic Surgery Center patients include:

- valet parking (Monday through Friday)
- quiet, secluded unit to ensure privacy and comfort
- private bath
- concierge services
- gourmet meals
- two telephone lines with direct long distance access
- premium TV channels and VCR
- computer hook-up with Internet access
- fax machine
- and boutique amenities.

If you would like more information, please call the Plastic and Aesthetic Surgery Center at (502) 587-4000 or log onto our web site, www.jewishhospital.org.
